## NUTRIENT BOOST

**CALNESIUM** is a nutrient additive that will boost both calcium & magnesium availability to your plants when added to your feed program. Calnesium works as part of your feed program and as a foliar spray. This product tastes horrible, but plants love it!

#### DIRECTIONS:

- Use 2 ml per litre or 2 cc per quart of nutrient solution throughout your plants life.
- Discontinue use on the last week of flowering.

Compatible with most quality brand fertilizers. For best results use the complete line of Future Harvest Nutrients.
