

TECHNICAL DATA

IPA SANITIZER

Alcohol-Based Hand and Hard Surface Sanitizer

DESCRIPTION: IPA Sanitizer is an alcohol-based hard surface and hand sanitizer. This product has been formulated to reduce the risk of cross contamination by providing the reduction of a wide spectrum of bacteria and microorganisms. IPA Sanitizer is effective in destroying harmful bacteria/germs to provide antiseptic cleansing. It is excellent for use in food plants and other facilities where sanitation is a high. **This product does not contain phosphates and all ingredients are on the Organic Production Systems Permitted Substances List as per CAN/CGSB 32.311-2020, Published December 2020, Section 7.**

PRODUCT SPECIFICATIONS

- Isopropyl Alcohol: 70% (v/v)
- Health Canada Product License Issuance - NPN 80099141
- Conforms with Health Canada and World Health Organization guidelines.

DIRECTIONS

A. Hard Surface Sanitizing: Thoroughly clean and rinse hard and non-porous surfaces with potable water. After water rinse has been completely drained from clean surfaces, IPA Sanitizer can be applied undiluted with a specialised mechanical sprayer (**Biomist™ Power Sanitizing System**) which safely and effectively atomises alcohols onto hard surfaces. Excellent for reaching crevices or areas which are difficult to reach by wiping. No rinse is required.

B. Spot Sanitizing During Food Production: Spray IPA Sanitizer onto contaminated surface, wipe clean with paper towel and spray again with IPA Sanitizer. DISCARD PAPER TOWEL.

C. Mid-Shift Clean-Up: At start of mid-shift clean-up, spray IPA Sanitizer onto to surface/equipment to aid in microbe/bacterial control. Heavily soiled areas can be wiped with paper towel and then re-sprayed with IPA Sanitizer.

D. Hand Sanitizing: Adults 18 years and older, Adolescents 12-17 years, Children 2-11 years: Supervise children when they use this product. For occasional and personal domestic use. Rub thoroughly into hands for at least 30 seconds. Allow to dry. Do not use on children/infants less than 2 years of age (unless directed by a doctor/physician/ health care practitioner/ health care provider/ health care professional).

PRECAUTIONS: Flammability warning. Keep away from open flame and sources of heat. For external use only. Keep out of reach of children. If swallowed, call a poison control centre or get medical help right away. Stop use and ask/ consult a doctor/ physician/ health care practitioner/ health care provider/ health care professional if irritation develops. When using this product avoid contact with eyes. If contact occurs, rinse thoroughly with water. Container should be closed when not in use. Product should not be stored in food processing or food storage areas.

CONTAINS: Isopropyl Alcohol
