

TECHNICAL DATA SHEET

RINSE 'N' DRY

PROD # 3200

Description: A concentrated wetting agent for injection into the final hot water rinse of dishwashing and glass washing machines. Promotes rapid, spot-free drying of dishes, glasses and silverware without towelling. It works effectively even in hard water to provide cleanliness without residual odour or taste. Prevents formation of scum and scale. Let dishes dry quickly. Condition and soften water, no matter how hard, thus assuring spotless drying.

Directions: Add Rinse 'N' Dry to rinse injector unit.
Adjust injector flow to provide approximately 1 oz. of Rinse 'N' Dry per 25 gals. of rinse water.

Analysis:

pH undiluted	- 7.3
pH 1% solution	- 7.4
Specific Gravity 20/20 C	- 1.01
Colour	- Pink
Water Solubility	- completely dispersible
Odour	- pleasant
Freeze-Thaw	- no ill effect
Physical appearance	- clear liquid
Stability	- excellent
Rinsing Properties	- excellent

Shipping: Available in 4x4L, 20L,
