

ServClean®

DISH HD

Heavy Duty Dish Detergent Concentrate

PRODUCT INFORMATION SHEET

Description:

A highly concentrated, neutral pH, phosphate-free pot & pan detergent for all manual dishwashing applications.

Product Use:

Effectively dissolves coffee and tea stains from china, and grease from pots and pans—all while being gentle on hands.

Dilution:

Most dishware/glassware: 1:1250

Pots & pans: 1:512 to 1:256

General use: 30-90 mL / 3.78 L or 1-3 oz / 1 gallon for dishwashing

Directions for Use:

Add an appropriate amount of detergent to hot water, depending on soil conditions. Replace wash water when suds are depleted. For heavily soiled ware, use as a pre-soak at 15 mL per 3.78 L of water or ½ oz per 1 gallon of water. Allow to soak until soil is loosened.

Personal Protection:

Please refer to product label and SDS
