

## **TECHNICAL DATA SHEET**

### **ULTRA WASH**

#### **PROD # 3055**

Features:

- Extra-concentrated
- Cuts grease quickly
- Provides sparkling clean dishes
- Rinse freely
- Leave no residual odour on eating utensils

Description:

ULTRA WASH is an extra-concentrated machine dishwashing detergent. The excellent wetting and penetrating qualities ensures that even the greasiest dishes, utensils and glasses become thoroughly washed and rinsed. Diluted ULTRA WASH can also be used to soak heavily encrusted pots and pans for easier cleaning.

Directions:

Fill the detergent chamber with ULTRA WASH and run dishwasher as usual. For encrusted dishes, fill dish or pan with water and add 2 tablespoons of ULTRA WASH. Let stand for 10 minutes. Wipe away particles and rinse.

Shipping:

Available in 4x4L, 20L, 210L
