Subject: Letter of Guaranty, Classik products for the kitchen, manufactured by Groupe Cam-J.

We guaranty that the products attached in the following annex, when used as directed on the label, are safe and appropriate for the intended use in food establishments and respect all rules and laws that are in effect.

- The products mentioned in the following annexed list, meet the norms for non-food chemical products to be used on surfaces and equipment in food processing plants.
- Products must be used according to the specifications in both the technical data sheet and the Safety Data Sheet.
- We have very strict controls in place during our manufacturing as well as the storage of our finished products. Every product is approved by our quality control team before being packaged.
- All surfaces that are cleaned with non-food chemical products must be properly rinsed with potable water after cleaning.
- Our products that are approved for use in food processing plants have a logo on the label that has been developed with the CFIA for easy identification.

- We will inform you immediately of any problems or non-conformities in the products as well as any recalls or removals.
- This letter of guarantee is limited to certifying that the attached products meet the standards for non-food chemicals that are used in food processing plants. This letter of guarantee will also be considered void if any modifications are done to the label or the recipe of the listed product.

Groupe Cam-J will provide government agencies all supporting documents to demonstrate that the product is safe and/or suitable for use as intended

Regards,

Alain Plouffe
President
Groupe Cam-J inc
