| EYE DAMAGE/IRRITATION - Catego<br>GHS Label Elements    | bry 1   |
| Hazard(s) pictograms                                    | :<br>GHS05  |
| Signal word   | : Danger  |
| Hazard statements                                       | : H314 - Causes severe skin burns and eye damage.   |
| Precautionary statements                                |   |
| - Prevention  | : <b>P280</b> - Wear protective gloves/protective clothing/eye protection/face  |
| - Response  | <ul> <li>protection.</li> <li><b>P264</b> - Wash thoroughly after handling.</li> <li><b>P304</b> + <b>P340</b> - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.</li> </ul>  |
|   | <ul> <li>P301 +P330 + P331 - IF SWALLOWED: rinse mouth. Do NOT induce vomiting.</li> <li>P303 + P361 + P353 - IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.</li> <li>P363 - Wash contaminated clothing before reuse.</li> <li>P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes.</li> </ul> |
| - Storage<br>- Disposal                                 | <ul> <li>Remove contact lenses, if present and easy to do. Continue rinsing</li> <li>P310 - Immediately call a POISON CENTER or doctor/physician.<br/>Not applicable</li> <li>P501 - Dispose of contents and container in accordance with local, regional and national regulations.</li> </ul>  |

### Other known hazards

Not additional information available

## **SECTION 3. COMPOSITION / INFORMATION ON INGREDIENTS**

| Substance/mixture             |
|-------------------------------|
| Substances                    |
| Other means of identification |

MixtureAqueous solution mainly composed by the following ingredients

## CAS number /other identifiers/ Mixtures

| CAS number : Not applicable |            |            |
|-----------------------------|------------|------------|
| Ingredient name             | % (p/p)    | CAS number |
| 2-Butoxyethanol             | 5.0 - 10.0 | 111-76-2   |
| Sodium metasilicate         | 1.0 - 5.0  | 6834-92-0  |
|                             |            |            |

Occupational exposure limits, if available, are listed in Section 8.

|   |      | SECTION 4. FIRST-AID MEASURES  |  |  |
|---|------|--|--|--|
| Description of necessary first aid measures |      |  |  |  |
| Eye contact                                 | :    | Get medical attention immediately. Call a poison center or physician. Immediately<br>flush eyes with plenty of water, occasionally lifting the upper and lower eyelids.<br>Check for and remove any contact lenses. Continue to rinse for at least 15 minutes.   |  |  |
| Inhalation                                  | :    | Get medical attention immediately. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel.  |  |  |
| Skin contact                                | :    | Get medical attention immediately. Flush contaminated skin with plenty of water.<br>Wash contaminated clothing thoroughly with water before removing it, or wear<br>gloves. Continue to rinse for at least 15 minutes.   |  |  |
| Ingestion                                   | :    | Get medical attention immediately. Call a poison center or physician. Wash out<br>mouth with water. Remove victim to fresh air and keep at rest in a position<br>comfortable for breathing. If material has been swallowed and the exposed person<br>is conscious, give small quantities of water to drink. Do not induce vomiting unless<br>directed to do so by medical personnel. |  |  |
| Most important symptoms/effects,            | acu  | te and delayed   |  |  |
| Potential acute health effects              |      |  |  |  |
| Eye contact                                 | :    | Causes serious eye damage.   |  |  |
| Inhalation                                  | :    | Inhalation of airborne droplets or aerosols may cause irritation of the respiratory tract.   |  |  |
| Skin contact                                | :    | Causes severe burns.   |  |  |
| Ingestion                                   | :    | May cause burns to mouth, throat and stomach.  |  |  |
| Over-exposure signs/symptoms                |      |  |  |  |
| Eye contact                                 | :    | Adverse symptoms may include the following:  |  |  |
|   |      | pain, watering, redness  |  |  |
| Inhalation                                  | :    | No known significant effects or critical hazards.  |  |  |
| Skin contact                                | :    | Adverse symptoms may include the following:  |  |  |
|   |      | pain or irritation, redness, blistering may occur  |  |  |
| Ingestion                                   | :    | Adverse symptoms may include the following:<br>Stomach pains   |  |  |
| Indication of immediate medical at          | tent | ion and special treatment needed, if necessary   |  |  |
| Notes to physician                          | :    | Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.  |  |  |
| Specific treatments                         | :    | No specific treatment.   |  |  |

**Protection of first-aiders** 

: No further relevant information available.

See toxicological information (section 11)

|   | SECTION 5. FIRE-FIGHTING MEASURES  |
|---|--|
| Extinguishing media   |  |
| Suitable extinguishing media                                  | : Use an extinguishing agent suitable for the surrounding fire.                          |
| Unsuitable extinguishing media                                | : None known   |
| Specific hazards arising from the ch                          |  |
| Fire hazard   | : In a fire or if heated, a pressure increase will occur and the container may burst.    |
| Hazardous thermal   | : Decomposition products may include the following materials: carbon dioxide and         |
| decomposition products  | carbon monoxide  |
| Special protective equipment and p                            |  |
| Special protective actions for<br>fire-fighters               | : No special measures required   |
| Special protective equipment for                              | : Fire-fighters should wear appropriate protective equipment and self-contained          |
| fire-fighters   | breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.    |
|   | SECTION 6. ACCIDENTAL RELEASE MEASURES   |
|   | uipment and emergency procedures   |
| For non-emergency personnel                                   | : No action shall be taken involving any personal risk or without suitable training.     |
|   | Evacuate surrounding areas. Keep unnecessary and unprotected personnel from              |
|   | entering. Do not touch or walk through spilled material. Do not breathe vapor or         |
|   | mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is      |
|   | inadequate. Put on appropriate personal protective equipment.                            |
| For emergency responders                                      | : If specialized clothing is required to deal with the spillage, take note of any        |
|   | information in Section 8 on suitable and unsuitable materials. See also the              |
| North add and water into favorante in                         | information in "For non-emergency personnel".  |
| Methods and materials for containn<br>Methods for containment |  |
| Wethous for containment                                       | : Stop leak if without risk. Move containers from spill area. Dilute with water and mop  |
|   | up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry      |
|   | material and place in an appropriate waste disposal container.                           |
| Methods for cleaning up                                       | : No special collection methods required. Dispose of in accordance with all national     |
|   | and local regulations.   |
|   | SECTION 7. HANDLING AND STORAGE  |
| Precautions for safe handling                                 |  |
| Protective measures   | : Put on appropriate personal protective equipment (see Section 8). Do not get in eyes   |
|   | or on skin or clothing. Do not breathe vapor or mist. Do not ingest. Avoid release to    |
|   | the environment. If during normal use the material presents a respiratory hazard,        |
|   | use only with adequate ventilation or wear appropriate respirator. Keep in the           |
|   | original container or an approved alternative made from a compatible material, kept      |
|   | tightly closed when not in use. Keep away from acids. Empty containers retain            |
|   | product residue and can be hazardous. Do not reuse container.                            |
| Advice on general occupational                                | : Eating, drinking and smoking should be prohibited in areas where this material is      |
| hygiene   | handled, stored and processed. Workers should wash hands and face before eating,         |
|   | drinking and smoking. See also Section 8 for additional information on hygiene           |
|   | measures.  |
| Conditions for safe storage,                                  | : Store in accordance with local regulations. Store in original container protected from |
| including any   | direct sunlight in a dry, cool and well-ventilated area, away from incompatible          |
| incompatibilities   | materials (see Section 10) and food and drink. Store locked up. Separate from acids.     |
| -   |  |

Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

### **SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION**

### **Control parameters**

No other important information available.

| Individual protection measures             |   |   |
|--|---|---|
| General protection and hygiene<br>measures | : | Wash hands after handling chemical products and at the end of the working period.               |
| Eye/face protection                        | : | Wear eye protection against chemical splashes.  |
| Hands protection                           | : | Wear chemical-resistant, impervious gloves.   |
| Skin & body protection                     | : | Wear appropriate protective clothing to prevent skin contact.                                   |
| Respiratory Protection                     | : | Use only with adequate ventilation. Wear appropriate respirator when ventilation is inadequate. |

## **SECTION 10. STABILITY ET REACTIVITY**

## Reactivity

No specific test data related to reactivity available for this product or its ingredients.
Chemical Stability
The product is stable.
Possibility of hazardous reactions
Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid
There is no specific data.

# Incompatible materials

### No specific data

# Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## **SECTION 11. TOXICOLOGICAL INFORMATION**

## Information on toxicological effects

## Acute toxicity

There is no data available.

## Irritation/Corrosion

| Product/ingredient name | Result | Species | Exposure |                 |

| 2 Butowetheral          | Acute LC50 820 - 1490 mg/l (Marine water) | Crapet arlequin (lepomis macrochirus) | 96 hours |
| 2-Butoxyethanol         | Acute LC50 1 474 mg/l (Marine             | Rainbow trout - (oncorhynchus         | 96 hours |
|                         | water)                                    | mykiss)                               |          |
|                         | Acute LC50 2320ppm (Marine water)         | Gambusia affnis – Fish                | 96 hours |
| Sodium metasilicate     | Acute LC50 247ppm (Marine water)          | Daphnia magna- Crustaceans            | 96 hours |
| soaium metasilicate     | Acute LC50 632ppm (Marine water)          | Lymnaea-Mollusc                       | 96 hours |
|                         | Acute LC50 160 ppm (Marine water)         | Amphipoda- Crustaceans                | 96 hours |

## Persistence and degradability

There is no data available.

### **Bioaccumulative potential**

There is no data available.

| Mobility in soil             |                              |  |
|------------------------------|------------------------------|--|
| Soil/water partition         | : There is no data available |  |
| coefficient (KOC)            |                              |  |
| Other adverse effects        |                              |  |
| No known significant effects | or critical hazards.         |  |

## **SECTION 13.** DISPOSAL CONSIDERATIONS

| Disposal methods        |   |
|-------------------------|---|
| Waste treatment methods | : Dispose of contents must be made according to local, state or national legislation.<br>Do not allow to get into surface water, drains and ground water. |
| Container disposal:     | : Only empty containers could be recycled.  |

#### **SECTION 14. TRANSPORT INFORMATION TDG Classification** IMDG ΙΑΤΑ UN number Non-regulated **UN proper** Non-regulated shipping name Transport Non-regulated hazard class(es) Non-regulated Packing group Environmental Not applicable hazards Additional Not applicable information

Special precautions for user

**Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

## **SECTION 15. REGULATORY INFORMATION**

| <u>Canadian List</u>    |   |  |
|-------------------------|---|--|
| Canadian NPRI           | : | None of the components are listed.     |
| CEPA Toxic substances   |   |  |
| (Canadian Environmental | : | None of the components are listed.     |
| Protection Act)         |   |  |
| Canada inventory        | : | All components are listed or exempted. |
|                         |   |  |

### **SECTION 16. OTHER INFORMATION**
